Early Years Extra-Curricular Activities Registration Procedure

Please find enclosed all information relating to the new Early Years extra-curricular activities programme for Term 1. Take some time to carefully read about all the exciting activities that we have on offer for students. Then, with your child, carefully select the activities which they think they would enjoy and benefit from.

To maintain the integrity of the activities in the programme, it is very important that when they sign up, children are then able to commit to their choice of activities, for the whole term.

Fee-paying activities cannot be cancelled after the first session.

Please be aware of the following information:

- Sign-up will be conducted electronically through a **Google Form**
- Please carefully check that your child meets the age group requirements for any chosen activity.
- As it is a long time from EY lunch to pick up after clubs, all Early Years pupils attending an ECA will be provided with a small snack shortly before their activity begins.
- For activities which incur a cost (fee paying) please do not send any money into school until your child has a confirmed place on the course – this will be communicated via your child's class teacher, along with the final cost if the cost is dependent on student numbers.
- We also kindly ask that pupils are collected on time when their ECA finishes. It is not appropriate for either children or staff to be waiting for collection for extended periods.
