ACCREDITATIONS

Regent's International School, Bangkok is an IB World School (www.ibo.org) and is fully accredited by the Council of International Schools (CIS) (www.cois.org). The school is a member of The International Schools Association, Thailand (ISAT) (www.isat.or.th) and Thailand International Schools

Activities Committee (TISAC). The school is also a member of CIS and the Federation of British International Schools in Asia (FOBISIA) (www.fobisia.org) and are also recognised by the Diplomatic Corps in Thailand for their children.

Regent's is a Global Member of the prestigious Round Square Association, with its President, HM King Constantine, Board Member and patron (www.roundsquare.org). All 200 Round Square schools around the world believe it is their obligation to produce well-rounded leaders for our future global community. As Round Square schools, they instill six values at the heart of what their students do, both within and beyond the classroom. These six values are known as the 'Six Pillars'; taken in the 'right' order, their first letters memorably and appropriately spell out the acronym 'IDEALS', which stands respectively for International Awareness, Democracy, Environmental Responsibility, Adventure, Leadership, and Service to others. Our sense of achievement as a school comes from translating these IDEALS into practical realities as part of the curriculum.

SUCCESS

The key to our success lies in the quality of our teaching staff and their commitment to being excellent role models for all students. All our main teachers possess UK Qualified Teacher Status or Equivalent. We place priority on the recruitment of such teachers. Apart from foreign language teachers, all our teaching staff are native English speakers and nearly 90% are British. Oxford, Cambridge, London School of Economics, Imperial College London, University College London, the Royal College of Music London, Stanford, MIT, Wharton (U of Penn), UC Berkeley, the National University of Singapore and Seoul National University are among the prestigious universities which have offered places to our recent graduates (in some cases with full scholarships).

ADMISSIONS POLICY

Regent's International School, Bangkok provides a high quality education to all of our students. Our admissions requirements are designed to ensure that we meet this objective.

We welcome applications for enrolment at any time during the school year, from children from a broad range of cultural and educational backgrounds. We have an inclusive admissions policy, so are happy to consider those with particular learning needs. Our admissions process is designed to give us the opportunity to ensure that each student is able to access the whole curriculum, and that we can meet their individual needs.

To facilitate this, each student is invited to an assessment day. The format of this assessment varies with the year group that is applied for, and is by appointment only. Students should not arrive at school for an assessment without prior arrangement.

We always try to provide support for students whose first language is not English. Please bear in mind that extra fees are payable for this support (ELD/EAL in Primary and Secondary). By making an application for enrolment, you are agreeing to pay for this support if the school's assessment procedures indicate that it is necessary.

If you wish to visit the school, you can do so by appointment and at a time that is convenient for you. To make an appointment, please contact +66 (0) 2957 5777 ext. 202, 222. You will also be able to get a feel for the vibrant nature of the school by exploring our website at www.regents.ac.th.
